Dear Dr. Seyed Mohammad Aghamiri,

The Food Safety Inspection Body of the Republic of Armenia extends its regards to the Iran Veterinary Organization.

With reference to your letter № 400/10/71906 dated 20 November 2021, I would like to inform you that according to the Decision № 317 of the Customs Union Commission of June 18, 2010 (hereinafter referred to as the Decision), poultry meat is imported from third countries into the territory of the Republic of Armenia in case of availability of import permission issued by the Food Safety Inspection Body of the Republic of Armenia (authorized body).

In the meantime, I would like to inform you that the import of goods subject to veterinary control by the authorized body is allowed, taking into account the veterinary epidemiological situation at the place of production (storage) of controlled goods or availability of an individual in the third countries' registry of organizations.

Each batch of poultry meat must be accompanied by a veterinary certificate issued by the authorized body of the exporting country.

Please find attached the import requirements of Section 23 of the Decision on poultry meat.

Please accept, Dr. Seyed Mohammad Aghamiri, the assurances of my highest consideration.
